

Homecoming

Student president and vice president were taking a photo with our school CEO Ms. Sonia with dressing up that related to 2016 homecoming theme "Alice wonderland."

Hsinchu American Schools principle were trying to follow-ing the pitch and temple of the music, but unfortunately still earn a reward of party pooper.

Homecoming king and queen were dancing together, holding their hands, looking at each other in the eyes, transferring their soul and love.

At the time when homecoming party is almost over, students take their time wisely with taking pictures with their friends to keep the wonderful and lovely memories.
